**CanaTREK**  
The Summits of Canada

An historic event is taking place **Wednesday, September 27th, 2:00 pm EST** and you do not want to miss it! Exclusively developed for teachers and students throughout Canada and around the world, this event will *revolutionize education through technology and adventure*. Already the largest educational expedition in the world, the Summits of Canada Expedition, will conduct a live broadcast from the mountain to classrooms around the world, presenting a new and dynamic way to teach, learn and be a part of a real live adventure focussing on geography, the environment, science, health & fitness and technology. On September 27th, 2:00 pm EST (11:00 am PST), the climbing team will host a live Internet forum from the top of Ontario through their website with the Ontario Minister of Natural Resources, the Honourable David Ramsay and students. For you to be a part of history, the first step is to [register!](#)
